Dr. Jane Henney  
Food and Drug Administrator  
Food and Drug Administration  
5630 Fishers Lane, Room 1061  
Rockville, MD. 20852

Dear Dr. Henney:

I understand your agency is considering restrictions on antibiotics used to promote livestock growth but are meeting opposition from drug manufacturers and the livestock industry. I feel they do not have a right to danger our health for the purpose of generating huge profits.

Please follow the European Union's leading health agencies and ban the use of antibiotics to fatten livestock when those drugs are also used to treat humans.

Respectfully yours,

  
Mrs. Adella Abbott
